

Momentum Receives Nasdaq Deficiency Notification Regarding Delayed Form 10-Q

May 30, 2024

SAN JOSE, Calif.--(BUSINESS WIRE)--May 30, 2024-- Momentum Inc. (NASDAQ: MNTS) ("Momentum" or the "Company"), a U.S. commercial space company that offers satellite buses, transportation, and other in-space infrastructure services, today announced that it received notice (the "Notice") from the Nasdaq Capital Market LLC ("Nasdaq") notifying the Company that it is not in compliance with the requirements of Nasdaq Listing Rule 5250(c)(1) as a result of not having timely filed with the U.S. Securities and Exchange Commission (the "Commission") the Company's Form 10-Q for the period ended March 31, 2024, and because the Company has not filed its Form 10-K for the year ended December 31, 2023.

This notification has no immediate effect on the listing of the Company's shares on Nasdaq. However, if the Company fails to timely regain compliance with the Nasdaq Listing Rule, the Company's common stock will be subject to delisting from Nasdaq. The Company may submit a plan to regain compliance with these requirements by June 17, 2024. Any staff exception to allow the Company to regain compliance, if granted, will be limited to a maximum of 180 calendar days from the Form 10-K's due date, or until October 14, 2024. If Nasdaq does not accept the Company's plan, then the Company will have the opportunity to appeal that decision to a Nasdaq Hearings Panel.

The Company is working diligently and expects to file the Form 10-K and the Form 10-Q within the 60-day period described above, which would eliminate the need for the Company to submit a formal plan to regain compliance.
