24 the Court’s calendar and/or the website of Momentus (<https://investors.momentus.space/>) for any
25 change in date, time or format of the Settlement Hearing.

1 **II. SUMMARY OF THE ACTION**

2 **A. Description Of The Derivative Actions And Settlement**

3 Momentus, a Delaware corporation headquartered in California, is a commercial space
4 company that offers satellites, satellite buses, and other satellite components, transportation and
5 infrastructure services, including hosted payloads and other in-orbit services, to help enable the
6 commercialization of space.

7 Momentus came to exist in its current form through a merger transaction (the “Merger”) it
8 conducted with Stable Road Acquisition Company (“SRAC”), a special purpose acquisition
9 company (“SPAC”), and SRAC’s affiliated subsidiaries. SRAC was incorporated on May 28, 2019,
10 in the state of Delaware with its headquarters located in Venice Beach, California. Prior to the
11 Merger, SRAC’s stated purpose was to find and acquire a cannabis company. SRAC completed its
12 initial public offering (“IPO”) on November 13, 2019, and on October 7, 2020, SRAC and
13 Momentus Inc. (“Legacy Momentus”) announced they had entered into a merger agreement.
14 Pursuant to the Merger, which the Company consummated on August 12, 2021, Legacy Momentus’
15 business operations became the public Company’s operations.

16 The Derivative Matters allege that, beginning in at least October 2020, Momentus, through
17 the actions of the Individual Defendants, engaged in a pattern of manipulation to boost its reported
18 financial performance. The Derivative Matters asserted claims for violations of Section 14(a) of
19 the Securities and Exchange Act (the “Exchange Act”), breaches of fiduciary duties, aiding and
20 abetting breaches of fiduciary duties, waste of corporate assets, unjust enrichment, abuse of control,
21 gross mismanagement and/or contribution under Sections 10(b) and 21D of the Exchange Act
22 against the Individual Defendants who allegedly caused Momentus to make – and fail to correct –
23 materially false and misleading statements and omissions regarding the business operations and
24 prospects of Legacy Momentus, particularly leading up to the Merger, which certain of the
25 Defendants were materially interested in, which artificially inflated the Company’s stock value.

26 Specifically, the Company’s officers and directors were alleged to have failed to disclose to
27 investors that: (i) the federal government had determined that the founder of the Company’s legacy

1 business, Defendant Kokorich, to be a threat to national security; (ii) Legacy Momentus had never
2 successfully tested its technology in space; (iii) the projections of Legacy Momentus' future
3 revenues were grossly overstated; and (iv) the due diligence of Legacy Momentus was superficial,
4 ignored red flags that necessitated further investigation, and did not provide a reasonable basis for
5 the public statements about Legacy Momentus and its Merger with SRAC. The Company also
6 allegedly failed to maintain internal controls.

7 The Derivative Matters allege that, as a result of the Individual Defendants' and the
8 Sponsor's alleged mismanagement, self-dealing, and wrongdoing, the Company suffered significant
9 harm. The Derivative Matters allege that the Company faced an action by the U.S. Securities and
10 Exchange Commission ("SEC"), naming as defendants SRAC, the Sponsor, Kabot, and Kokorich
11 (the "SEC Action"). All parties apart from Kokorich settled the SEC Action, with the settlement
12 terms including more than \$8 million in penalties, tailored investor protection undertakings, and the
13 Sponsor's forfeiture of founder shares it stood to receive from the completed Merger. The SEC
14 Action brought claims for violation of Sections 10(b) and 17(a) of the Exchange Act and Rule 10b-5
15 promulgated thereunder.

16 The Derivative Matters also allege that the Company grossly overpaid with newly issued
17 shares of common stock for acquiring the business operations of Legacy Momentus in connection
18 with the Merger.

19 Additionally, on July 15, 2021, a securities class action was filed in the United States District
20 Court for the Central District of California, which is captioned *In re Stable Road Acquisition Corp.*
21 *Securities Litigation*, Case No. 2:21-cv-05744 (the "Securities Class Action"). The Securities Class
22 Action named as defendants SRAC, Momentus, the Sponsor, Kabot, Quiroga, Norris, Hofmockel,
23 Kokorich, Harms, and Kennedy. The Securities Class Action brought claims for violation of
24 Sections 10(b) and 20(a) of the Securities Exchange Act of 1934, and Rule 10b-5 promulgated
25 thereunder. On August 18, 2023, the parties in the Securities Class Action agreed to a settlement
26 of \$8.5 million. On April 23, 2024, the Court entered an order and judgment finally approving the
27 settlement of the Securities Class Action.

1 The Derivative Matters further allege that, despite ongoing issues and concerns, the Merger
2 closed in early August 2021. Just prior to that, and after the Securities Class Action was initiated,
3 the Company issued a proxy solicitation on July 23, 2021, on Form 424B3 (the “Merger Proxy”),
4 soliciting shareholders to approve (among other things), the Merger, the 2021 Equity Incentive Plan
5 (the “2021 Plan”), which directors, officers and others were eligible to receive equity awards
6 thereunder, and a proposal to increase the total number of authorized shares of common stock
7 immediately prior to the closing of the Merger. The Merger Proxy, which allegedly contained
8 materially false and misleading statements and omissions, was successful in achieving shareholder
9 approval of the proposals set further therein. During the fiscal years ended December 31, 2021, and
10 December 31, 2022, several of the Individual Defendants received hundreds of thousands of dollars
11 in stock awards granted under the 2021 Plan. In addition, certain founders of Legacy Momentus,
12 including Kokorich, were paid \$40 million by the Company after the Merger.

13 The Defendants have vigorously denied, and continue to deny vigorously, any and all
14 allegations of wrongdoing or liability with respect to the claims asserted in the Derivative Matters.
15 The Defendants also contend that Plaintiffs lack standing to maintain derivative claims on behalf of
16 Momentus.

17 **B. The Settlement Negotiations**

18 On March 17, 2023, Plaintiff Hanna sent a settlement demand to Defendants which set forth,
19 *inter alia*, a demand to settle the Hanna Action in consideration of certain corporate governance
20 reforms. On August 31, 2023, Plaintiff Lindsey also sent a settlement demand to Defendants which
21 set forth, *inter alia*, a demand to settle the Lindsey Action in consideration of certain corporate
22 governance reforms.

23 Following this, the Parties to the Derivative Matters agreed to a full day mediation on
24 October 25, 2023 (the “Mediation”) organized and conducted by Jed D. Melnick, Esq. of JAMS
25 ADR (the “Mediator”). During the Mediation, the Parties made substantial progress. While the
26 Parties did not settle that day, they continued, with the assistance of the Mediator, to exchange
27

1 detailed settlement demands and counter-demands and negotiate settlement terms over the course
2 of the following months.

3 Ultimately, on February 14, 2024, the Settling Parties reached an agreement in principle on
4 the corporate governance reforms that will be adopted by Momentus as consideration for a global
5 resolution of the Derivative Matters. Thereafter, the Settling Parties negotiated and finalized the
6 formal operative terms of the settlement (the “Settlement”) in a Memorandum of Understanding
7 (“MOU”), as now set forth in the Stipulation.

8 **III. TERMS OF THE PROPOSED DERIVATIVE SETTLEMENT**

9 The proposed Settlement, as set forth more fully in the Stipulation, requires the Company to
10 adopt certain corporate governance reforms that are outlined in **Exhibit A** to the Stipulation
11 (“Reforms”). The Reforms shall be maintained for a minimum period of four (4) years from the
12 date the Judgment becomes Final. The Settling Parties agree that (i) the filing, issuance, pendency,
13 and settlement of the Derivative Matters contributed to the Company’s decision to adopt,
14 implement, and maintain the Reforms; (ii) the Reforms confer substantial benefits upon the
15 Company and its stockholders; and (iii) the Company’s commitment to adopt, implement, and
16 maintain the Reforms for the Effective Term will serve the Company and its stockholders’ best
17 interests, and constitutes fair, reasonable and adequate consideration for Plaintiffs’ release of the
18 derivative claims.

19 The independent members of the Company’s Board shall approve a resolution reflecting its
20 determination, in a good faith exercise of its business judgment, that the Settlement is fair,
21 reasonable, and in the best interests of the Company and its stockholders, and that the Settlement,
22 including the Reforms, confers substantial benefits upon the Company and its stockholders.

23 This summary should be read in conjunction with, and is qualified in its entirety by reference
24 to, the text of the Stipulation, which has been filed with the Court.

25 **IV. PLAINTIFFS’ COUNSEL’S ATTORNEYS’ FEES AND EXPENSES**

26 After the Settling Parties reached an agreement in principle on the material substantive terms
27 to resolve the Derivative Matters, Plaintiffs’ Counsel and Defendants’ Counsel commenced

1 negotiations regarding an appropriate award of attorneys’ fees and expenses commensurate with the
2 value of the Settlement benefits and the contributions of Plaintiffs’ Counsel to the Settlement. The
3 fee negotiations were facilitated and supervised by the Mediator, who was familiar with the
4 complexity of the issues, risks, and challenges confronted by Plaintiffs, as well as the Plaintiffs’
5 Counsel’s efforts in securing the Settlement benefits. Following a number of exchanges through
6 the Mediator, Plaintiffs’ Counsel and Defendants’ Counsel agreed to a payment of attorneys’ fees,
7 expenses, and Plaintiffs’ service awards (the “Fee and Expense Amount”) of \$300,000 subject to
8 Court approval.

9 **V. REASONS FOR THE SETTLEMENT**

10 The Settling Parties believe that the Settlement and each of its terms are fair, reasonable, and
11 in the best interests of the Company and its stockholders, and that the Settlement, including the
12 Reforms, confers substantial benefits upon the Company and its stockholders.

13 **A. Why Did Plaintiffs Agree to Settle?**

14 Plaintiffs and Plaintiffs’ Counsel believe that the claims asserted in the Derivative Matters
15 have merit and that their investigations support the claims asserted. However, and without
16 conceding the merit of any of Defendants’ defenses or the lack of merit of any of their own
17 allegations, based upon their thorough investigation and evaluation of the relevant evidence,
18 substantive law, procedural rules, and their assessment of the interests of Momentus and Current
19 Momentus Stockholders, Plaintiffs and Plaintiffs’ Counsel have determined that the Settlement’s
20 guarantee of substantial benefits conferred upon Momentus and Current Momentus Stockholders in
21 the form of the Reforms is fair, reasonable and adequate consideration for forgoing the pursuit of a
22 potentially superior recovery through further litigation, and serves the best interests of Momentus
23 and Current Momentus Stockholders.

24 Plaintiffs and Plaintiffs’ counsel also have taken into account the uncertain outcome and the
25 risk of any litigation, especially complex litigation such as the Derivative Matters, as well as the
26 difficulties and delays inherent in such litigation. Based upon their thorough investigation and
27 evaluation of the relevant evidence, substantive law, procedural rules, and their assessment of the

1 interests of Momentus and its stockholders, Plaintiffs and Plaintiffs' counsel have determined that
2 the Settlement's guarantee of substantial benefits conferred upon Momentus and its stockholders in
3 the form of the Reforms is fair, reasonable and adequate consideration for forgoing the pursuit of a
4 potentially superior recovery through further litigation, and serves the best interests of Momentus
5 and its stockholders.

6 Plaintiffs' Counsel attest that they conducted an investigation relating to the claims and the
7 underlying events alleged in the Derivative Matters, including, but not limited to: (i) reviewing and
8 analyzing Momentus' public filings with the SEC, press releases, announcements, transcripts of
9 investor conference calls, and news articles; (ii) reviewing and analyzing the investigations in
10 publicly-available pleadings against Momentus related to the allegations in the Derivative Matters;
11 (iii) reviewing and analyzing the allegations contained in the related Securities Class Action;
12 (iv) researching, drafting, and filing shareholder derivative complaints; (v) reviewing internal books
13 and records produced by the Company pursuant to books and records demands; (vi) researching the
14 applicable law with respect to the claims asserted (or which could be asserted) in the Derivative
15 Matters and the potential defenses thereto; (vii) researching corporate governance issues; (viii)
16 preparing detailed litigation and settlement demands on behalf of various Plaintiffs and a mediation
17 statement; (ix) participating in the Mediation; (x) engaging in extensive pre- and post-mediation
18 settlement discussions and exchanging extensive corporate governance reforms and counteroffers,
19 with the Mediator and counsel for the Defendants; and (xi) negotiating and drafting the settlement
20 documentation for presentment to the Court.

21 Plaintiffs' Counsel's views are further informed by their experience and thorough analysis
22 of the facts and law governing the applicable derivative standing and pleading requirements,
23 substantive claims and defenses, and damages and disgorgement remedies. Plaintiffs' Counsel's
24 assessment of the facts and legal issues material to their recommendation in favor of the Settlement
25 was honed and refined in the course of drafting litigation demands and pleadings, and during the
26 lengthy substantive written and verbal exchanges with Defendants' Counsel and the Mediator.

1 Momentus Stockholders; and (iii) conduct the Settlement Hearing remotely without further notice
2 to Current Momentus Stockholders.
